

Nehemiah built a wall, so can you!

Of course it took a lot more than just one person, but when teamed together, with God leading, nothing is impossible!

- Builders
- Guards
- Providers of materials
- Leaders and encouragers

They were all working together for a common goal and from a heap of rubble the wall rose and gates were placed. Lots more to that story. Where it started was in prayer.*

Hope for Haiti

It's simple! One US dollar (\$1.00) per block will help rebuild the wall at Marcel's home. The workers are ready, guards are watching over the property, leaders have gathered from the local churches and are praying that the wall would be rebuilt. Then on this end, you are asking "can we help?" The providers are set and ready, so lets connect the dots and watch the wall go up. If you are a provider here's what to do. Donations may be sent to the address above or online through the website listed below, just note or mention "blocks."

The wall before it was torn down.

The temporary wall today!
