What's in it for me?

Not sure this is a good way to start the New Year, but then again that's what the Lord has put on my heart to ask. As we are still in process of a move, which we have hopes of bringing to completion sometime in March, it could have started with just that question, "What's in it for me? The thing is, Jesus said, "Come follow Me" and did not bother to ask us to consider that other question! Drop those fish nets, put it all down, no turning back and join Him on this journey. Take a step of faith, you know you can't see that next step, but trust Me and I'll provide.

Each of us have that challenge to let go and see just where the Lord is leading. And what an amazing journey it is or can be. Will He really provide as His word says, what about my ____ you fill in the blank. Do I really trust what He says in His word? Do I really hear His voice or is that just me? So much more but for now..., just take that first step! Then the next and next and so on.

Hope for Haiti has not changed and your faithfulness is evident as you continue to reach out touching lives, making a difference. Addresses may change but the heart of this ministry stands firm. Mail is set up to be forwarded and will continue, and then when the move is complete we will let you know. For the monthly sponsors new mailing labels will appear and the word will be sent out. So, the address you currently have or the one above will all reach (or should) the correct destination. More to follow in the days ahead.

Taking a step of faith

New Years Eve at Bois Neuf came with a challenge, and 4 new believers responded. Please pray for our brothers and sisters and if you would, us also as we continue to respond to the best of our ability to His leading in our lives.

May we all be empowered by His Holy Spirit in 2015 and the days ahead. To God be the glory.
