## **Love is not something to fall in and out of.**

We hear all the time to love others, but we compare love to what we see here on earth. Movies, and songs talk about love all the time. However, the love they talk about is flawed, it is imperfect, it is human. We live in a world that is fallen from sin, but we have the example of one who never fell under the destruction of sin. Jesus.

Jesus gave us the greatest example of love. He laid down his life, it was not taken, for this sinful world. So instead of looking to movies, and songs to tell us what love looks like we should look to the Bible. Jesus gave us the complete picture of love.

**Read through his life, study his actions, follow his actions.**

# Giving back to God

## Giving Back Program

This will be starting up in March, but we are doing a class with the parents to go over what it is about. We want to come alongside parents to help them in this journey of teaching biblical truths to their children. This program is about giving an opportunity to the students to give back.

My goal is to give information and resources to parents so they are able to talk and teach their own kids in their own time and way about this content. Then we will have a place in our Sunday School for the students to start implementing what they are learning.

There will be a class for the parents on Feb 16th during the first service in the Discipleship House.

The class will also be held on March 1st during both services in the Discipleship House.

## Children's Fellowship Night- Loving Others

Feb 15th 5:30-7:30pm

Ages infant through 12 years old.

Our example of love is Jesus. We will be learning different ways to love others through games, crafts, and verses.

These can both be found on [buckschurch.org/connect/children](http://buckschurch.org/connect/children)

Registration for first time attendees. (This gives emergency contacts, allergies, and pick up info)

Attendance form for this event. (So I know who is coming and how many supplies to get)
