

Decisions
(Get song at SoundCloud – EYG Music or elevatethegame.org)

Hook (1)

All of Your decisions
Affect just how you living
You can go right or left.
(repeat)

Verse 1

You got a call that the homie died and your block know
who did it
They pulling up so they can get revenge and they
wanna know if you with it
Got a choice to make
You can text back like “Nah I'm straight” or can hop in -
dap up, strap up, put mask on your face
Now know if y'all get caught
A ticket to prison you bought
Now tell me what's the cost when your life you just lost
Its like last week in class you had a test to past
You studied hard, your neighbor cheated and got
suspended for that

Hook

All of Your decisions
Affect just how you living
You can go right or left
Just make sure you make (pick) the best.
(repeat)

Verse 2

They bullied her like everyday and like everyday you
with them
Tonight they said they gonna get her,
gonna get her on twitter
Guess somebody got a picture
Of her doing things she shouldn't
Tried to erase it but she couldn't
Now everybody laughing and they looking
Laughing at her
Suicide ain't no laughing matter
You can rise above the madness
Or you can add to the negative chatter
It's just like your cousin
Jump too fast into loving
Cause everybody was humping
Now she got a baby up in her stomach

Hook

All of Your decisions
Affect just how you living
You can go right or left
Just make sure you make (pick) the best.
(repeat)

Verse 3

You the youngest one with like four brothers
They all had they turn
You suppose to watch them make mistakes
and by them lessons you learn
Like skipping school you might drop out
And who you hang with you better watch out
Cause they can lead you down that wrong
path
And that wrong path you might spin out
Or your end route could be with your passion
And you chase that and you chase that and
you chase that til you catch it
You can choose to inspire or you can choose
to just follow
You can choose to think higher
Or you can choose to be shallow
Dive deep in that water
Take risks and swim farther
You can choose to work harder
Or you can choose to be smarter
Know every choice you make is a choice on
your own
So think about what you doing
So your next move ain't wrong

Hook

All of Your decisions
Affect just how you living
You can go right or left
Just make sure you make (pick) the best.
(repeat)
