

ME TO WE

FEBRUARY 3

UNITED

INTRODUCTION

We're made for community. Finding and investing in a circle will make a tremendous difference in our lives, our spiritual journeys, and the advancement of the Jesus Mission.

DISCUSSION QUESTIONS

1. How would you define friendship?
2. Read **Acts 2:42-47**. As a group, list the ways the early Christ followers were experiencing community. How would you describe the impact they had on one another?
3. What is the difference between forming a community around laws and rules and a group of people led by the Spirit of God?
4. In what ways have you experienced growth by being connected in a circle? If this is your first small group, what was attractive to you about joining a small group?
5. Have you experienced the decline of personal connection as a result of technology?
6. What might be some ways you can connect with others in the coming year?

MOVING FORWARD

Circles help us grow spiritually, they meet physical needs, emotional needs, and help us stay on mission in the world. We're made for community. We're wired for connection. We experience community in a circle. That's why circles are better than rows.
