Let's face it, it's tough out there. Sometimes, I just want to get away. Drugs, Alcohol and Sex were my "get-aways."

The problem is, they took control over me. They made me their captive. It's all I could think about. But now, I've been set Free!

You can be Free from addiction, too. But, you can't do it alone. Psychiatrists will listen to you. Doctors will give you pills. But, no person can fill the hole in your heart that makes you seek addiction.

That's right, no person can. But, there is a way that has cured millions of people of their addictions, and it can help you, too.

You need a super hero for a friend, someone with super natural powers, that can move mountains for you. Learn to unleash the power of God in your life, and set yourself free.

We offer a safe harbor where you can come and witness real life miracles, as you watch people leave their self-destructive behavior behind, and exchange it for a new life.

If you're thinking "NO THANKS," read this... If you're an addict, and you don't believe in God, then maybe that's why you're still addicted. Truth is, you have nothing to lose, and your life to gain. Come, set yourself free. Unleash the power of God in your life. Give it a chance...and see what it can do for you.

12 Steps to Recovery...

In the aftermath of the Great Depression of the 1930's, alcoholism became a serious problem. To help in recovery, Alcoholics Anonymous created the first 12 step program. It proved to be so successful that it has become the bible for helping people with alcoholism, drug abuse, and other addictive and dysfunctional behaviors.

The 12 Steps are designed to break bad habits, not mechanically with tricks and instant cures, but by changing the person from the inside out. Participants desire to become a better person, and want to leave their old self-destructive ways behind. In a way, it's like being reborn, a chance to start fresh, free of the baggage that they've been carrying around for many years. It's a transformation from having the addiction control the person, to putting the person in control of their lives.

Step One begins by admitting that we are powerless over our addictions and that our lives have become unmanageable.

In Step Two, we discover that we simply cannot do it alone, and that only a power greater than ourselves can restore us to sanity.

And so the journey begins...

It ends when the person has rebuilt themselves after dealing with the bad stuff that was holding them back, and filling those holes with good stuff that leads to a purpose-driven NewLife.

About NewLife Church...

Our mission is welcoming people to find NewLife through Jesus Christ. What does that mean? It means we welcome everyone.

It doesn't matter if you have pink hair, ride a Harley, or chew tobacco, or if you have been a drug dealer, a thief, a jock or a rock star. We welcome e-v-e-r-y-o-n-e.

Why? Because we believe in Heaven, and our Lord wants that no one should be left behind. *Especially you*, because you are special to God.

If going to Heaven sounds good to you, then come join the party. And hear the Good News of the Gospel. If you learn it right, you will find that there is no "high" like partying with God.

We invite you to come and worship and listen to the Word of God. Then you will know the Truth and "The truth shall set you Free!" (John 8:32)

God's Truth is "The Way" of living that is wholesome and so deeply fulfilling that you will not want for anything else.

It's not an instant fix, but a way of thinking, a way of listening with your heart, a way of filling that emptiness inside you with a spring that bubbles up so that you never thirst again.

If you want to begin the journey of a lifetime, come find NewLife.
