

# GRACE COMMUNITY EMPOWERMENT

## Gospel to the poor

The past 20 years we have sent over 100 students to university. They entered GCE as rebels, tribals, with no hope and future. We groomed them through our Bible school and through the mentoring of Manny and Sharon as their spiritual parents. Now they became tentmakers.

On Sharon's left is Reggie who graduated in auto mechanic engineering, whose calling is pioneering in the rebel areas. Presently, there are 19 churches under him. On my right is Jestoni, graduated in Agriculture whose desire is soul winning. At his age of 31, he had led more than 1,000 to Christ. Both graduated from GCE Arrows Bible School. Photo taken in Mindanao in early April 2023.

We started a new feeding area last week of March 2023 in Norkis, Looc. We are thankful to God that the Looc fire did not reach their homes even though we had lost 700 homes from the fire. This year we started to give quizzes after our storytelling with little prizes for those that answer the right questions. We are thankful to God that the children are focused in listening because they are looking forward to winning the gifts. If you have used toys, children's shoes, accessories, ages 3 to 8, kindly send them to us (GCE/Ramel Baay, 1084 G. Ouano St. Brgy Cambaro, Mandaue City, Cebu 6014, Philippines). We are in need of small gifts as prizes for the right answers for the Bible quizzes.

March 24, 2023 was the handing of the marriage certificates to the November 12, 2022 wedding couples. It was a very touching evening as the many recipients shared how their lives were changed because of their conversion through the home Bible studies because of the wedding crusade. The men shared of their vices, womanizing, gambling, etc., and how the Lord delivered them after their conversion. Praise the Lord.

Thank you for your support.

Manny and Sharon
