We'll be working alongside our supported missionaries, Wilbert and Lisa Romain. They founded LAFWA, a non-profit that focuses on planting Haitian churches in the Dominican Republic. LAFWA was created as a ministry to serve and reach the Haitian community through weekly worship, community involvement, and service. For more information, check out their website at [lafwa.org](http://lafwa.org).

**WHAT WE'LL BE DOING:**

As we form our team and recognize our strengths, The Romain's will accomodate our skills (so anyone is welcome). There will be opportunities for village outreach and evangelism, construction/service projects, initiatives with their churches, and loving on our missionaries.
