Christian Education

Adult Education Class entitled Faith and Science taught by David Pruessner will be offered **November 2, 9, 16**. The class will explore Richard Dawkins book, The God Delusion, but also address much more. Reading the book is not a requirement. Come to Room 1 and join in the discussion. Faith and Science. Does modern science contradict our faith in God, or compliment it? Science and Christianity have sometimes clashed. Modern cosmologists now largely agree that we live in a "finely tuned universe." Many factors seem to have been crafted "just right" for life to form on Earth. But, what does that mean? Come explore your faith through new lenses.

Help with Sunday Morning Social Services

After worship, all are invited to the kitchen hallway to grab some treats before heading off to classes or meetings, or you can just hang out and shoot the breeze. But this tradition relies upon Brew Crew volunteers who are willing to host the morning's event. Individuals, families, ministry groups, or buddies can sign up to handle duties that include setting up, cleaning up, making coffee, and supplying treats. Training available, reimbursement available, plenty of dates available – [sign up here](#) or on the sheet found on the kitchen counter.

Get Your Cans to Church

The first weekend of the month means you can get the aluminum cans out of your garage. Leave your bags of cans by the west doors this weekend so the Aluminati can exchange them for cold, hard cash to make repairs to our building. We'll take other scrap metals, too. Thanks for supporting recycling and RLC!
