## ***How Would Jesus Live My Life? Eye for Eye***

*Matthew 5:38-42*

---

### **Getting started**

Have you ever done something extra and/or unexpected for another person when you weren't required to do so? What was their reaction?

### **Discussion**

*Read the passage and answer the following questions as a group.*

How does forgiveness practically change us? How does the willingness to forgive make you better?

Who is someone or a group of people you've thought less of? How can you change your perspective of them and see them as loved by God, instead of being based on society's standards?

In what ways can we mess these verses up by taking a legalistic view? What would it look like if we tried to force this on unbelievers?
