### **Getting started**

Can you speak a foreign language? If so, what is it, how did you learn it, and do you frequently use it?

### **Discussion**

*Read the passage and answer the following questions as a group.*

Have you found yourself in a spiritual funk (or maybe you are currently in one)? What can you do to get away and re-establish the connection to Christ?

Pastor Doug shared 6 areas we at Murray Hill can do well to speak the language of our community as a missional strategy. The areas are –

- 1) Prayer-Walking through our community
- 2) Open Homes – Dinner events to get to know your neighbors
- 3) Ministry of Hanging Out – Frequent the businesses in the community
- 4) Finding Common Interests with your neighbors of Murray Hill
- 5) Meeting Needs
- 6) Verbal Witnessing

Which one (or multiple) of these areas speak the most to you? In what way can you participate in one of these strategies?
