The Everpresent God *Psalm 139*

Getting started

What goals do you set yourself for a new year?

Discussion

Read the passage and answer the following questions as a group.

Were you able to get away with things at your house when your parent(s) wasn't/weren't paying attention? Or did it seem like they had eyes everywhere you went?

Does the knowledge that God is always present with you allow you to be more confident or more hesitant in your life?

When we think about the statement, "God made you exactly like He wanted you to be", we immediately default to grading our physical appearances. What is a characteristic that God has given you that will allow you to help build the Kingdom?
