

## SUNDAY'S SERMON TEXT

**Matthew 26: 47-68**

### CAMPUS IMPROVEMENT NEEDS

As you know, church, we have initiated a couple of campus improvement projects, so I want to give you some updates. The parking lot resurfacing project almost is completed. The lots around Building A and the lot in the middle of our campus were the focal points of the resurfacing project. We did not resurface the lot adjacent to Building D, because we are waiting to see what happens with the widening of Highway 102. Also, we did not resurface the lot adjacent to Building B, because our contractor told us that the lot is beyond resurfacing and needs to be replaced.

Concerning the AC repair project for Building A, we have received \$10,690 to date. Thank you for your generosity, church. In addition, a family in our church has offered to match the giving for this project up to \$20,000, so any additional gifts that are given will be doubled up to the \$20,000 mark. Again, thank you for blessing this church and all of the ministries that utilize the sanctuary/gym in Building A.

### WORSHIP ATTENDANCE SURVEY

Church, due to the size of our recent Sunday morning gatherings and the fact that our socially distant layout in the sanctuary is beginning to fill up, we are exploring the idea of adding a second service that would meet earlier than the 10:00 AM service. In addition, we are considering making this earlier service a "mask only" service. Please fill out the following survey to give our church leaders some insight as to whether or not you would attend this earlier "mask only" service.
