

April 10, 2020

Dear Friend,

You are important to the children of Niños de México! Your love, financial support, and prayers help sustain us during this unique time of world-wide pandemic.

The Niños de México homes are watching as the illness spreads across the world and particularly across the United States. **We have been lifting your health and safety up in prayer.**

Due to the **economic crisis** sweeping across the world, I have **asked our house parents to find ways to cut expenses** (pretty difficult with kids at home 24/7). We are **working hard not to lay off**, or reduce wages, for any of our staff.

A very difficult decision was made to **NOT** to move forward in accepting eleven new children into our homes. This was hard for us; as **ALL** the children we welcome are desperately in need of a safe home.

Many of you, or your loved ones, are being impacted by loss of work or illness. **Thank you for the value and trust you have in Niños** and the knowledge that our children have nowhere else to go!

Will you pray for us?

- That the virus will not take hold in any of our homes.
- That world-wide many will accept Christ as Lord, and put their trust in Him.
- For God's direction on how to care for our children in the midst of this crisis.
- For God's wisdom and timing for accepting additional children in need.

It goes without saying that **our finances are being affected**. Our homes depend on the donations of churches and individuals. **If God has blessed you with the ability to give, would you consider a special gift** which will help off-set individuals & churches who now find themselves without their regular resources?

Your gifts help ensure our continued ability to keep food on the tables, to keep our staff working in our homes, and to minister to children coming from desperate situations.

God bless,

Steve Ross

Executive Director, Niños de México
