

What is the “so what” of Christmas? It is our salvation from our sin that is initiated through the birth of Jesus Christ.

This baby, born in Bethlehem, was, in essence, a rescue operation to save us.

Humanity has been entrapped by our own sin. We need to be saved.

God loves us so much that God invades our world in order to restore the relationship that our sin has severed.

This salvation work is done in Jesus Christ, who through his birth begins the work of reconciling us to God.
