

Some things to remember when talking about our resources:

- 1) None of it is really ours. God owns it all.
- 2) The things we earn are given to us “in trust.”

How does God want us to use the resources he has entrusted to us?

- 1) Give tithes and offerings to God through his church.
- 2) Provide for our families.
- 3) Help the poor and those in need.
- 4) Meet our obligations.
- 5) Save some for a rainy day.
- 6) Enjoy the rest of it.
