God Frees His People

Exodus 7:14-18; 12:3-8, 12-13, 29-32

Main Point: God's people are saved through a substitute.

Summary: Because Pharaoh's heart was not set on God or softened toward His people, He treated God's people poorly. When their numbers threatened, he enslaved them. God sent Moses to set them free, but God also wanted the Egyptians to know that He is God. So, there were ten plagues, each being connected to an Egyptian God. Starting with the Nile being turned into blood and ending with the death of the firstborn - these plagues revealed God's power over Egypt's Gods, including Pharaoh himself. The very night of the final plague, Pharaoh called Moses and Aaron and told them to leave, taking all of God's people with him.

Questions:

1. What are some false gods/idols that society turns to for security?
2. Today, you learned that the lamb for the Passover had to be spotless. Why was that important? (Parent Tip: The lamb had to be spotless just like Jesus had to be perfect to be our sacrifice)
3. Why is it sometimes easier to put trust into things that can be seen over God?
4. Are there any idols in your life or the life of our family that need to be evaluated?
