

# Chief Chaplaincy Budget

by highest priority:

## MONTHLY BUDGET

\$2,500 a month

We are currently in need of \$2,500 in monthly support which goes towards our ministry expenses that are required to reach the chiefs with the Gospel as well as support the ministry of our chaplains.

## CHAPLAIN TRAININGS

Each chaplaincy training costs an average of \$4,000, and we hold a training almost every month. This includes trainings for our new chaplains in Sub-Saharan Africa along with refresher trainings in each province of Zambia every two years.

\$4,000 a month

## HOUSE

\$50,000

At the beginning of 2023, we will be purchasing a house in Zambia for \$50,000. It is a two-bedroom, one-bathroom home. The house is being sold to us by our friends for half the price it cost to build. It is a huge blessing and because of this, we will be able to focus on our ministry instead of putting the time into building a house.

## BICYCLES

We are providing each of our 260 chaplains in Zambia a bicycle and a Bible to give velocity to their ministry. Currently, they walk many kilometers to reach their chief and areas of ministry. A bicycle will allow them to go faster and farther with the Gospel. Each one costs \$250.

\$250 each

## ANNUAL GATHERINGS

\$150,000

Starting in 2022, we are gathering all of the chiefs and chaplains in Zambia annually for a conference focused on worshipping the Lord. This televised event involves over two thousand people including the President, governmental leaders, pastors, and traditional leaders. Each gathering costs \$150,000 for food, accommodation, and venue.

## VEHICLE

With our team expanding, we are hoping to purchase a ministry vehicle that can be used by our new team members and our Zambian leadership. Our Zambian team currently relies on us for transport. Having this vehicle will allow us to divide and conquer, thus double our pace and reach. The vehicle will cost around \$25,000 for purchase and potential upgrades such as a lift kit and snorkel.
