LAC NEXT GEN

Grades 5 - 12 | There are often times in our lives when we reminisce. For some of us, looking back is challenging, while others feel grateful. These last few weeks in student ministry, we've been studying Genesis: how God created everything good, and how that compares with the world we live in today. The difference for each of us is the redemptive work of Jesus. He sees how things were designed to be, receives our brokenness, and desires to bring transformation. While it's common to dwell on the past, Jesus has so much more for us in the present as we focus on Him and His transformational work.
