## LAC NEXT GENERATION

Temptation is one of those sneaky things that creeps up on kids and adults alike. Although there are times we see it coming, more often than not it creeps up when we are least likely to see it. Overtired? Worn out? Up too late? Those are the times when the enemy tends to provide relief in the form of something other than Jesus. Relief? The enemy paints it that way, but it doesn't bring it. Recently, in K-4, we talked about how Jesus leads us to overcome temptation. He knows us and our needs, so he provides a way to escape. Take some time this week to talk with your family about the ways Jesus offers opportunities to escape temptation.
