

Can you believe it? Having just celebrated Christmas Day, we look to the end of our past year and the beginning of a new year. Think back over 2017, what kind of year was it for you? Was it a year to cherish or a year to quickly forget? Regardless of what it brought, you are now on the other side of it (and many of you thought it would swallow you up) and here you are now standing in the doorway of 2018. Even though we don't know what all this year will bring I'm believing this is going to be the greatest year for many of you. It is my prayer that God will grant you the desires of your heart and that His blessings and favor will fall upon you as the rain from above. Be sure to join us for our ladies events when possible, it's going to be a great year...I can just feel it.
Much Love, Sis. Janice
