STEWARDSHIP

GENEROSITY

God loves to give good gifts to his children—that's us! But God does not want us to take our gifts and keep them to ourselves.

God gives us gifts so that we can share his love with other people. God wants everybody to know about his kindness and generosity. So when God gives you something, no matter how amazing it might be, look for ways that you can share your excitement and your gift with somebody else. You never know who else might need for feel God's love today!

Do you like to give a gift or receive a gift better? How does it make you feel when you make other people smile?

Is it difficult for you to share good things with others? What is the first thing you do when you get something new—do you want to play with it by yourself or with other people?

FAMILY TABLE TALK

STEWARDSHIP

RESPONSIBILITY

God's gifts can come in many shapes and sizes. Sometimes God gives us things that we can see and feel—kind of like a present that you might get on your birthday. But God's gifts are not always easy to recognize. Sometimes his gifts are small—maybe a happy thought or help remembering something important. Or it could even be a way God made you unique—like a special skill or talent. No matter what gift God gives us, it is important to use it the right way—to help others and to build up God's church.

What special skills or talents has God given to you? How do you think God wants you to serve others with your skills?

Think about the special jobs God has made for you. What are you in charge of? What are your responsibilities? Do you do a good job caring for those things?
