

Series: #Struggles

Sermon: Intimacy

January 22, 2017

1. Ask everyone to put their phone in the middle of the room during your group meeting. (There may be those who can't due to work, childcare, etc.) At the end of the meeting, discuss any anxieties or compulsions you experienced by being untethered to your device.
2. What is your definition of the word friend? Who do you consider a friend?
3. Do you think technology is changing relationships? If so, how?
4. What is your biggest technology distraction?
5. What are some signs that you may be addicted to immediate affirmation?
6. Have you used technology to connect to someone in a positive, meaningful way?
7. Read Hebrews 10:24-25. How can your Life group be a better expression of these verses?
8. Read Romans 12:9-10, 13 and John 13:34-35. Who do you need to "really love" this week?
9. Each person was challenged to detach from technology for an hour a day this week and spend the time face to face with someone.
 - A. How are you doing with the challenge?
 - B. How are you trying to show the power of presence in your relationships?
