A Word from our Pastor . . .

An unknown computer whiz hacked into highway signs in New York changing their message. Motorists were surprised to see one electric sign: "Severe Zombie threat." Another said, "Bigfoot Sighting". Authorities were concerned about what else the unknown whiz could hack.

You can't always trust signs, especially when they're subject to hacking or AI. But no one can alter the Bible's signs of the times. Jesus indicated the highway of history would, at some point, begin to display flashing signs. He told us we should be equipped to discern them. That requires studying what the Scriptures teach us about the return of Christ. This isn't an irrelevant topic. It's a glorious study for every believer.

Matthew 16:3 - *You know how to discern the face of the sky, but you cannot discern the signs of the time...*

Blessings, Pastor Jerry and Judy
