Old Business

- Finances - Support of nonprofits and missionaries - Discussion about the excess money and how we can serve. Jes said that Children's Ministry spent a good amount of money over the Christmas season for the kids and the children's chat. With KNO and some other needs, she feels it would be beneficial to put some of the money toward Children's Ministry. Jenny mentioned that Children's Ministry does have money left over, and that if there comes a need for more finances then we can address it at this time. Michael agreed. Michael recommended that we look into becoming a sponsoring church of Interfaith. He also said that we should give the opportunity to the outreach team to come up with some suggestions on where the support should go. Jenny recommended that the next time we create an annual budget that we set up a percentage that will go to outreach. Jenny proposed to give \$10,000 for the remainder of this year. Georgia stated that the outreach team will get back to the leadership team in March.

New Business

- Resignation of Children's Ministries Leadership - After prayer and consideration Jessica has decided to resign as the Children's Ministry Leader. She is aware that the process can take some time, so she is committed to a transition period of whatever it takes. (Hoping for a couple of months.) Michael asked Jes to create some sort of paragraph of resignation to the church family, and then we would open it up to nominations. We can hold nominations for a couple weeks and go from there. Steve made a motion to accept the resignation with regret but with great appreciation for what she has done. Jenny seconded the motion. All in favor.
- Counseling Ministry Needs - Pam presented the idea of The Gathering to hire her as a counselor. She went through a document describing her needs and the way things would need to go. Steve will follow up with the insurance company regarding liabilities, payroll, etc.
