

## WHAT TO BRING

Now you have made the decision to begin your child's education with us at Collegedale Christian School. We are excited to get to know you and your child. To make adjustment to preschool a bit easier, we know your child may need a comfort item from home. We are happy to accommodate the need for pacifiers, blankets etc. However, we do limit their use to nap time as much as possible. Please keep sip cups and pacifiers in the bag when arriving allowing the teacher to unpack the backpack and sort sip cups for refrigeration when you arrive with your child. When a child walks into the classroom with these items in their hand, it makes the transition that others have made from doing so more difficult for them when engaged in activities. They will get their sip cups at morning snack time at around 8:30.
