Against Slavery  
and Trafficking

## **Change Agents: a Human Trafficking Bible Study for Preteens has been Certified as a NEST Approved Curriculum**

The National Educators to Stop Trafficking (NEST) recently certified the Faith Alliance Against Slavery and Trafficking's (FAAST) Change Agent Curriculum. NEST evaluates and certifies curriculum's from all sources with the goal that anti-Trafficking curriculum will be used in every school. This certification tells educators that Change Agents is an age-appropriate, demographically suitable curriculum for their youth.

FAAST is committed to equipping the church to fight human trafficking. We believe that God has uniquely designed the church to be His avenue for hope and restoration for the world. As members of the church, children are powerhouses of faith and energy, and often have extra time on their hands. Children also understand justice issues and are not afraid to stand up for the marginalized.

Therefore, FAAST realizes that educating this population in the church through leaders in the church is key in preventing human trafficking and restoring survivors. We believe that the Change Agent Curriculum and Change Agent Action Kit are how this can be accomplished.

The Change Agent Curriculum is a 7-week course developed around the following three goals: 1) to educate children about the issue of human trafficking; 2) to prevent them from becoming victims; and 3) to empower them to make a difference. The third item points them towards our Change Agent Action Kit. The 7-week course will be available for purchase electronically and includes all the resources church leaders need to facilitate both large group and small group lessons and activities.

The Change Agent Action Kit is a guide on the 10 things a child can do to stop human trafficking. Children can either get an electronic version or order the printed version. The printed version comes with a T-shirt and resource CD. Both versions come with posters, videos, and more. These items are designed to empower and equip children to make a difference.

For further information about the curriculum, contact FAAST at 888.466.4673 or visit [www.faastinternational.org](http://www.faastinternational.org). This curriculum is open to the press.
