

**MOSES: Leadership Lessons
Exodus 1 - 2:10**

As a group, catch-up on the summer.

What was the most enjoyable part of the summer?

In the sermon's beginning, it was mentioned how fall is often a time of questions...such as what's it like to be an empty nester? How am I going to get everyone to school? What will work be like this fall? etc...

What, if any, questions are you asking as this fall kicks off?

Is there anything new in your life that you are facing?

Have you asked how God want to use you this year?

This new sermon series was about leadership. The point was made that leadership is essentially the ability to influence. As everyone is in a position of influence, it was suggested that everyone is a leader.

Do you agree with that point?

Do you think of yourself of having influence? Where are some places/relationships in which you have influence? Do you think of yourself as a leader?

Moses was born into a challenging situation for the Jewish people. From that we saw that Godly leaders lead in the context in which they are placed.

Where are you in your story? What's your phase of life? What's happening around you? Who are the people around you?

What would it look like for you to lead and influence in the place in which you have been placed?

In the sermon we saw that Moses' sister and mother were ordinary people. It was mentioned how Godly leaders are ordinary people with ordinary lives who are faithful.

Do you agree or disagree?

Do you ever feel "too ordinary" to lead?
