

CHRISTIANS AND...GENEROSITY
Matthew 6:1-4

Over the past several weeks we have been discussing “The Christian and...” everyday issues we face.

Can you remember and name some of those topics, and share what was significant to you?

This past Sunday you heard a message on generosity.

Can you relate to what Jesus faced in being so different to society, the culture, and people’s preconceived notions on life?

Do you find it difficult to navigate the forces of being counter-culture?

In the message, there were “three principles to consider.”

Can you recall what they were?

What are some ways that these can be incorporated in your life as an individual?

What are some ways that your community group could put these into practice?
