July 2023

## Trinidad, West Indies Mission Report

2023 laid out a year of vision and opportunity for the Gospel in the United States and the country of Trinidad and Tobago in the West Indies.

The Lord opened the door for One-Way to come alongside several churches and many local leaders to spread the Gospel and encourage believers in Trinidad.

The opportunities were endless. Our schedule included a nursing home, multiple orphanages, several public schools, street witnessing, and church services. We were also able to go to a remote village on the outskirts of the island where we had kid's programs and village outreaches.

2023 Trinidad Mission Team

Hindu idols

Trinidad and Tobago is a country with diverse cultures, people groups, and many religions. The two dominant religions are Islam and Hinduism. The need for the Gospel can be seen in relation to the darkness that is evident on almost every street corner with the presence of Hindu temples, idols, and Mosques. While their religious activities are relatively peaceful, we experienced some opposition from Muslim leaders, especially in their attempts to prevent sharing the Gospel in the schools. But, God was faithful and kept the doors open for us to share the Gospel. Praise God!

We're thankful for the team that God brought together. Each member demonstrated team unity, teachable spirits, servant's hearts, and a deep passion for the lost. They worked hard and sacrificed their time preparing for the trip and serving on the mission. They stepped out in faith to trust God to meet their needs.

The steel pan is the national instrument of Trinidad. Our American team played this unique instrument, learned the music, and used the steel pan as a platform to share the Gospel in Trinidad. This was especially noted and appreciated by the Trinidad people. For us, it was a matter of, "I have become all things to all men, that I might by all means save some." 1Cor 9:22

We're also thankful for the local pastors who came alongside us, prayed, encouraged, and followed up with discipleship of the new believers. Many expressed appreciation for team One-Way and the value of the effort of spreading the Gospel in Trinidad. We were also encouraged to return for continued ministry in the near future.

*Thank you to you and the entire One-Way Evangelistic Team for your visit today. On behalf on the staff and especially the students, we were most pleased to have you. Your performance was truly enjoyable. We hope you consider our school again.*

## Feedback From a Trinidadian Pastor

It is with joy and humility to share with you a letter from one of the local pastors who witnessed our ministry team serve. He was personally encouraged with the vision of One-Way and our impact with the Gospel around the world, and especially in Trinidad. I introduce to you Pastor Francis Warner of St Augustine Evangelical Bible Church:

Using the steel pan to present the Gospel.

Greetings from Pastor Francis Warner:

St Augustine Evangelical Bible Church (SAEBC) was pleased to have Pastor Jerry Singh and his Team minister at SAEBC on Sunday July 2, 2023.

We were truly blessed by both the musical items and the sermon from Brother Jerry.

Trinidad and Tobago is, of course, the home of the steel pan and it was thrilling and a blessing to see a foreign group playing our national instrument with such precision, skill, passion, and obvious love for the Lord. The three young men on the pan were ably supported on the drums, lead guitar and bass guitar. When Jerry Singh introduced each member, the congregation was particularly moved to hear that the bassist was 77 years-old. His energetic, competent playing was a great encouragement to all and a reminder that the Lord can use anyone at any age once he/she is available.

Brother Singh's sermon was inspirational, powerful, timely and an accurate exposition of the appropriate passage he spoke on, Matthew 27:45-51.

The video which highlighted the organization's ministries and scope helped us to appreciate and to thank the Lord for the diversity of areas that the Lord is using the group to expand His kingdom, not just in Wyoming and the USA but also globally. We were particularly excited to hear of visits to prisons, schools, etc. with the Gospel.

The visit of Jerry Singh and his Team to SAEBC was a memorable, spiritually- impacting one. We would be delighted to host them if they come to TT again and also to actually partner with them in evangelistic outreach, etc.

We thank God for the group and we wish your entire organization all of God's richest blessings both now and in the future.

Fun program at an orphanage

The first American-Trini missionary steel pan team sharing Christ @ St Augustine Girls HS

Of course, this is a joint effort.

We could not do this without the faithful prayers and generous support of those who help fund the ministries of One-Way. We truly appreciate your standing with us and supporting this mission trip. Thank you.

For the sake of the Lost,

Jerry Singh
