October  
-2020-

Hello friends,

We trust this update finds you well and encouraged in your faith. The seasonal winds of change are upon us as we enjoy a vibrant fall in Wyoming. After a cold start in September, we have since enjoyed pleasantly warm temperatures. This has worked out quite nicely for One-Way's continued outdoor activities, especially the soccer discipleship/ outreach. We're excited to see this ministry expand as the relationships are growing beyond the playing field, and we are able to encourage the students and others in their daily lives and walks with God. While we are still restricted from meeting the students on campus, we are thrilled to be able to keep connected this way.

## Rosebud/ Pine Ridge News

### ***Save the Date: One-Way's South Dakota Mission Trip, June 19-26, 2021***

Join the outreach mission team to the Rosebud/Pine Ridge Reservations, working alongside our missionaries Les & Eva Olsen. Please prayerfully consider how you might be involved in this evangelism effort.

### **From the field:**

God is working mightily through Les and Eva Olsen as they continue to adapt their ministries in response to the effect of the pandemic upon the Reservations. One challenge came because Les could no longer transport the kids to Sunday School. Without the rides, the kids haven't attended. Their solution: "We have been distributing Sunday School Materials to the children's home since we have not been able to pick them up."

Another restriction is that church has been confined to a 10 person limit. So, they reach out through Facebook and Messenger. "One Way Missions" is at <https://www.facebook.com/groups/1826655987567356>. Bible studies, encouraging words, and ministry events are all posted there. One of their recent events was an outreach give-away. They reported, "We also had many people come out to a give-away on September 27 and (I) was able to share the Word at that time."

Victory thru Faith Church in St Francis, South Dakota, 9/27/2020

An eighteen-wheeler from Denver brought items for a give-away to the Lakota Native Americans.

As we press on in serving during these unusual times, we thank you once again for your partnership in ministry, prayer, and financial support. May God richly bless you, from all of us at One-Way
