COMMUNITIES OF HOPE

RECAP

In this message Josh utilized the modern-day parable of the Golden State Warriors to share a game changing truth about the power of an invitation.

MTVGROUP QUESTIONS

1. Who is your favorite sports team? What's one of the best sports teams out there in your opinion, winning year in and year out. What separates them from everyone else?
2. Josh made the point that just like some teams sit back and let the superstars carry the load, many churches sit back and let the staff do the bulk of the work. What's the role of church staff in your opinion? What's the role of the church membership?
3. Read John 1:43-46. The story of the disciples started with an invitation. Who invited you to church? What's your invitation story? (If you were brought to church by your parents, do you know who invited them?)
4. Josh mentioned five things that make an invitation more powerful. Discuss which of these have made a difference when you've invited someone to church.
 - personal is powerful
 - invest before you invite
 - invite them to come with you
 - invite them not to attend, but to experience
 - share your Jesus story
5. Why don't we invite more? What do you think would happen if the church became united and focused around inviting others to church?
