

“The History of Our Future”

Daniel 7

January 21, 2018

As we begin the section of Daniel that is predominantly about prophecy consider the strengths of knowing prophecy.

- Gives us hope. Rom 15:4
- Gives us assurance in God's Word. Acts 20:27
- Reminds us that God is Sovereign! Dan 4:32

1. In the days of Daniel, what was the condition of the Jewish people?
2. Why did they need hope?
3. What were some of the issues that cause the critics to say that Daniel didn't write the book, therefore the prophecies weren't really fulfilled at all?
4. If Daniel didn't write this book and we can't rely on the truths, how does that affect the Words of Jesus in Matthew 24:15? How important is this?

5. What are our answers to such critics, even today?

6. Look around our world. How are we different or not different when it comes to needing hope?

7. What exactly is the hope that we have and to whom should we be sharing this message?

8. How can we best be agents of hope today?

Pray for one another as we live with our feet planted where God has put us, keeping our eyes on Him and His soon return!

Don't forget, beginning next Monday, Jan 29 from 6:30 – 7:30 at the MC, Pastor Mark will be teaching more on the subjects found in the Daniel passage from the Sunday sermon study.
