

“Lord of the Harvest”

Luke 10:1-16

February 10, 2019

Jesus is discipling His disciples! We too are learning what it is to follow Christ and specifically to carry on His mission! This is living life with purpose!

1. The Mission of Grace is _____.

Again, we emphasize where scripture does. Read Matt 28:18-20; Mark 16:15

2. Because Jesus is Lord of the Church: Matt 16:18, He is also Lord of the Harvest: Lk 10:2 What does “harvest” mean?
3. Why do you think Jesus sent out in twos? What are some advantages to working with someone else? What might be some normal challenges in working with another?
4. Jesus had them go rather empty-handed. We don't see that as prescriptive as much as descriptive. However, what are some advantages to living simple so we're more freed up to minister? What might that look like for you?
5. Why did Jesus instruct the ‘laborers’ to pray for more laborers?

6. Do you remember what area of Grace Community you committed to praying for in 2019? How's that going, what have you realized so far?
7. What is the "web of an unfocused life"? How can we not get caught up in the WEB?

8. God wants to use you in His service, whether in our local church, or preparing for a life of ministry service elsewhere. What can we do to be prepared for either?

People will reject the gospel, and they'll be held accountable for that. But better news is that people will respond to the gospel! Don't get discouraged by the rejecters, keep your eye on the harvest, the fruit that the Lord is bringing in!

Whether or not you feel like a lamb among the wolves, I guarantee some do experience the hostility and threat of being a witness for Christ. Think of some of those and pray for them.
