## First Christian Church Baldwyn MS

Recollections of First Christian Church By Clarence S. Archer:  
Christian Church was organized in Baldwyn in 1898. we first  
used the old Masonic Hall and then arranged to hold  
services in the Methodist Church. We Paid them by buying  
seats and a bell for their church.

First Christian Church in Baldwin was organized in 1874, after several families had met for a few years without any preaching. During the same year the first church building was erected. After 51 years the building was replaced with a brick structure, which was destroyed by a tornado in 1942, but quickly rebuilt. In December, 1999, new facilities were built on a 18 acre lot at the south end of town. During the early years of the church it was served by such famous restoration preachers as E.G. Sewell, Jacob Creath and T.B. Larimore. For more than 125 years the Lord has richly blessed the work of the congregation, and all credit and glory go to Him. We look forward to serving Christ until He returns!

- **Some Recollections of a Life Long Church Officer**
- When I was a small boy 5 or six years old, before the Christian Church had a church building, my father carried me and my sisters to the old frame school house where Dr. Caldwell's hospital now stands (the block bounded by Hwy 145, Main St., Third St., and Water St.), where we had church services and Sunday School for a year or two till we could build our first church house. I remember well some of the songs we sang, and we are still singing them, and the pretty picture cards they gave us, and my teacher, Miss Willie Belcher.
- In 1894 we built a nice frame church. It was as nice as any church building in this part of the country.

- **Recollections Recorded by Clara Archer Young**

  1. Captain Savory
  2. Captain Belcher

- Clarence S. Archer born February 8, 1868. The Christian Church first met in Methodist Church. Christian Church gave the Methodist Church seats and a bell (in payment). Then met in old frame school building where Caldwell Hospital is now. (Block bounded by Hwy 145, Main Street, Third Street, and Water Street.)
- 1874 - When he was 6 years old the frame church building was erected.
- 1876 - When he was 8 years old, Knowles Shaw came and held a meeting there. Knowles Shaw was long legged and had real long side burns that came down to his chest. He would sing and play a while and preach a while. He wrote "Bringing in the Sheaves" (jumped out the back window after preaching and would go to his room at the Archer home next door and start writing.). K. S. (Knowles Shaw) Archer was born and named for Knowles Shaw.

- 1887 - When Clarence was 9 years old, he came into church under \_\_\_\_\_ Ingram at Henderson.
- Some jobs Clarence did:
- \_\_\_\_ yrs.- Passed word book- no music- just word books which were given out and taken up at each meeting.
- In his young years he lit the lamps. As a youth, he would be anxious to get away at night, so he would start blowing out the lamps while people were still lingering, talking.
- Sexton for \$1.50 a month. Brought in kindling and coal for two stoves, carried out ashes, dusted and swept for the Sunday services as well as the two or three during the week.
- 1880s - G. W. Archer preached here.
