

First Baptist Church Charlottesville
CGC Update
Update 9/22/26

Dear Church Family,

Just a quick update on FBC's Connecting Generations to Christ (CGC) ministry campaign. For those who are newer to FBC, you may not yet be familiar with our CGC campaign. Since 2023, our church has been praying and planning toward a ministry initiative to reconstruct and enclose our breezeways, providing enhanced security and improved accessibility to our facility. On November 2, 2025, FBC began receiving financial commitments for this project. I'm thrilled to share that as of August 31, 2026, we have almost \$2.3M in cash and have additional outstanding pledges of just over \$1.1M. This means we have about \$3.4M toward the \$4.1M needed for the connectors. That leaves just under \$700k as the gap to close. Praise the Lord for His provision and for the generosity of His people!

The construction is going well thus far. There have been only a couple of minor surprises to date with most of the "digging into ground" and "breaking into existing walls" complete. For our project, getting through this phase with limited surprises is a blessing. If you are tracking progress, you can see the elevator shaft being constructed for the south connector. The project is moving forward as we hoped, with the possibility of an earlier completion date.

Finally, we will be closing on a loan in the next several weeks. We selected Pioneer Bank to be our partner on the project. They offered the most favorable terms and are local.

If you have not yet participated in CGC and would like to be part of this important ministry effort, there are several ways you can do so. They can be found at fbcps.com/CGC. For each option, please note "CGC" on the envelope, letter, or memo line. If you have questions about these options, please contact me at billf@fbcparkstreet.com. Most importantly, continue to pray for the project. My prayer is that throughout the project, God is glorified.

It's a joy to serve the Lord with you,

Bill Fulkerson
