This opportunity is open to current DTS students as well as those who are not yet students. In order to enroll, BCC staff and BCC members can complete our Non-Degree Special Student Application (1-page free application) which will allow the student to enroll in just one class. That application can be accessed [here](#). We would encourage new students to apply by April 20th just to ensure enough time for enrollment in the class before the Summer session begins. Each class will come to \$560 per credit hour to take the class for Masters-level credit. There is also an option to audit a class.
