

Welcome Family!

I trust you're all looking forward to an adventure-packed 5th grade school year just as much as I am. I'm convinced that as we partner together to encourage the students to grow in their strengths and discover yet-unknown potential, God will honor our endeavors and abundantly bless their diligence.

My class will offer your children the opportunity to stretch and grow in their academic journey, but more importantly in their relationships with their Heavenly Father and classmates.

A child's school, community and family should all work together for a student's success. I believe firmly that communication is a vital key to that success, so feel free to stop by the classroom after school or email me any concerns or questions. I would also greatly appreciate it if you would send me a short note describing your children's strengths, unique talents, as well as what they enjoy doing. Include anything else you'd find beneficial for me to know. Thank you for allowing me the privilege of being a part of your children's education this year. It is a great honor which I hold in high regard.
