Lesson 28.1 – Trackword

I've been running around, trying to speak to Senator Antonius about Macky – and it's not been easy! Tracking people or things down can be hard work. Can you track the nine letter word in this grid? How many other words can you find too?

A	I	G
D	L	A
R	O	T

How many words of three letters or more can you find by tracking from one square to the next, going up, down, sideways or diagonally in order? You may not go through the same square more than once in any word.
