Trinity Lutheran is moving along in the fire recovery process, however, not as quickly as they would like it to happen. At this time, it is not likely that they will be back in the kitchen on November 21st. Trinity Lutheran will continue to serve guests. Your help is needed in providing enhanced brown bag meals.

We are collecting ingredients, **not a pre-made brown lunch bag**. Guests like to see - and pick and choose, the items in their lunch bag. If you are able to make/purchase/buy any of the items listed below, please email Lisa McCaffrey at lmccaffrey@hotmail.com. If you are able to volunteer onsite on the 21st, please let me know. We will be serving take away meals through the "take out window" in the door. We are able to use the dining room/fellowship hall, but not the kitchen.

Here is a list of items we'll need for November 21st:

- Meat and cheese sandwiches (turkey and ham have been the favorites though chicken breast and bologna will work too)
- Peanut butter sandwiches (please leave off the jelly)
- Whole fruit - apples, bananas and oranges
- Fruit cups
- Individual snacks - sweet and savory. If you like to bake - think cookies and brownies or cake that can easily be portioned into an individual serving. Cookies can be store bought too. Please package into individual portions.
- Candy - now's your chance to get rid of any lingering Halloween candy
- Water bottles
- Trail mix bags - homemade or pre-packaged
- Anything else that you think will enhance a "brown bag lunch"
