January 2019

Happy New Year!!! We hope everyone had a magical Christmas!

At the fall conferences, we discussed the importance of improving fine motor skills at this age. Please continue to practice cutting with scissors at home. The scissors we gave out at conferences are the same scissors we use here at school which should help! The abilities of the children now range from tracing over their name to writing both first and last names in upper- and lower-case letters. Please continue to encourage your child practice at home regardless of what stage they are at. Your child should be aware of both upper- and lower-case letters, and how they are used in handwriting. Some of our students are even reading now, which is truly a gift at this young age.

The boys and girls have really been doing a great job of hanging up their coats in their cubbies and taking care of their belongings. Please keep encouraging them to do it themselves to help them with their self-help skills for kindergarten. Don't forget to check your child's cubby at the end of each class day!
