A Word From: Pastor Troy Pomeroy

One of the things we are most passionate about here at Bethel Church is, serving our world. One way we can serve our world by in creating opportunities for our church family to reach out in practical ways to our community. In partnership with McLoughlin Middle School, we've been able to provide creative events that serve our community for the last several years. Last year we launched a new event called: *"Bethel Church - McLoughlin Oil Change Outreach."*

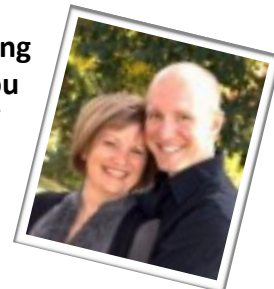

This event provides free oil changes to families from McLoughlin who are in financial need. Last year, we had a great day of serving members of our community through this practical expression of the love of Christ.

It's been really cool to see how God has opened doors for us to partner with the school and other businesses in the community to put this event together.

On Saturday, April 28, we'll begin servicing cars at 9am at McLoughlin Middle School. We have a number of opportunities for you to get involved in this event, from welcoming guests at registration, to changing oil, to serving in the hospitality tent. There's a place for you to get involved in serving our corner of the world. You can sign up at the Welcome Center or call the church office if you have additional questions. We can only serve our world with maximum effectiveness if all of the family members are involved.

So, jump on board and let's passionately serve our community and our world together!
