

FCA Polo Shirt requirement 2023—2024

The dress code has become a little more specific as of the 2023—2024 school year. Shirts are required to be “polo” style shirts.

Shirts can be any color

White shirts are not permitted

Shirts will be plain, no monograms, silkscreens or other designs will be added to the shirt.

There is no requirement for a specific brand or vendor from which to purchase.

The shirt should be long enough to remain over the waistband of pants / skirts when reaching overhead or bending so that no skin shows.

Short sleeves will remain down as designed.

If long sleeve “polo” shirts are worn, sleeves may be pushed up to the elbow.

Buttons will be fastened as necessary to maintain modesty
