Subject: Chau Prayer Request

Dear Central Baptist Church Family,

We have been in Singapore for 6 months! It is hard to believe that a year ago on August I arrived in Singapore for an interview with a church. The Lord shut that door but quickly opened a new one. We arrived in Singapore on April 20, 2017 ready to get busy for the Lord! I taught Sunday school class and preached that Sunday morning (April 23). The church welcomed us with love and hesitation. Fast forward six months later and you will find that our church family are encouraged and desire to serve the Lord!

We have a core group of 5 families (19 faithful members)! Each of them were broken spiritually. The Lord has stretched me with counseling two families in their financial stability and one man in a family separation. We prayed about the status of the church finances and leadership – the Lord answered in a mighty way. We prayed about the structure of the church building (we have rented for more than 20 years) – the Lord answered through partnering churches. We prayed for visitors – the Lord has sent visitors almost every other week since we arrived!

We are asking for a major prayer request. Since we started our deputation ministry, the children have been homeschooled through ACE at Lighthouse Christian Academy based out of Tennessee. We quickly learn that homeschooling has helped with the adjusting part of missionary life on the field but not great in making a connection with the people. We have prayed for the last few months that the Lord would open another door for our children's education.

That door is open! We found a Christian based school in Singapore that uses the American school schedule. We can enroll all three children in November 2017 for approval to attend in January 2018. **It will cost \$6,000 Singapore dollars to register all three children.** *We are considered for tuition discount because we are missionary/pastor.*

This is a great opportunity and we are praying that the Lord will guide and direct us in the way that He wants us to go. We know that the cost of registration is a lot. We ask that you all pray and consider how you can help us. This is not just a better education system for our children. It also means that they will be able to make new friends quickly, develop a new network for ministry, and allow our family to reach further into the Island.

Serving the Savior,

Son and Stephanie Chau
