

JULY/AUGUST 2018

The Henderson Family

Missionaries to Tanzania

Neighborhood to Neighborhood

Romans 10:15 proclaims "...how beautiful are the feet of them that preach the gospel of peace..." On the days that we walk around the villages near the church to visit our neighbors, our shoes become a dirty and dusty mess! But, according to Romans 10:15, they are beautiful! July through October, EBC is concentrating on praying for and sharing the Gospel in the 4 main neighborhoods that surround

the church. We are praying for 20 people to trust Jesus as their Savior, 5 families to join the church, and more believers to be involved in the weekly ministries. We are putting feet to our prayers by visiting 10-12 homes in each neighborhood. *The Lord has already blessed us with 6 first-time visitors and 4 who have trusted Jesus alone as their Savior!*

Endasak Baptist Building Project

We are very pleased with the progress that has been made on the EBC building. By God's grace, we are nearing completion. The only work that remains is painting and window and door installation. Thank you for your prayer and financial support of this project. *Lord willing, we plan on having a grand opening service on Saturday, September 29.*

Work and Immigration Permits

Thank you for your prayer and encouragement for our work permits. After a few setbacks, we are grateful to the Lord that we have been renewed for 2 more years for ministry in Tanzania! *Now that we have our work permits, please pray as we go to the immigration department to renew our Resident Permits.*
