

Jan 2019

Thank you for praying for our Christmas Parties for the feeding center children, volunteer cooks and Bible studies. Filipinos love parties and celebrating, so this was a great time of fun, food, fellowship and an opportunity for the Gospel to be presented.

Our ministry team put many hours into the preparation for all the parties. A lot of Spaghetti and Lumpia (like a fried spring roll) were cooked. Spaghetti has become the traditional Christmas Eve dinner here in the Philippines. Their spaghetti is much like ours but with a Filipino flare – they like the sauce extra sweet.

We **PRAISE** the Lord that the Gospel was clearly presented to all who attended the Christmas parties. Pray with us that God would move in their hearts. Many will say that they accept and believe but they are just adding it and mixing it with what they have been taught or heard from other religions.

### Prayer Requests:

- Continue to pray for the salvation of Alex and Nancy – We were able to visit Nancy in the hospital this past week –she has gallstones. This might be one of those long-term prayers but we are praying that God would move in her heart!
- A Filipino man of God to be the pastor of the church.
- Wisdom for hiring future Church staff.
- Provision of a van as our ministry and staff are growing.
