April 25, 2019

Dear Pastor Grieme and Church,

Greetings from Broken Arrow (Tulsa), Oklahoma. Alana, our daughter, recently moved to the Tulsa area. We are back in the States for a short three-month furlough to see family and visit some of our supporting churches.

Since we wrote you last we have been busy building and promoting missions among the churches. It is always great to see established churches increase in their missions giving.

The government of Kenya has recently out-lawed the asbestos kind of roofing we have had on the buildings of our Bible college and Christian school for 25 years. Due to this need and with the help of two supporting churches and personal gifts we were given the money to replace the roofing. I decided to do this work ourselves and save the extra money required by contractors. This helped us to complete other much needed building repairs. We thank each one of you who gave to help to accomplish each one of these repairs!

Renee and I have been living at the college campus during the week. This enabled us to complete the building repairs and library renovations (projects we hoped to complete before furlough). We did all this along with our teaching responsibilities. Now we are in need of books for the college library. It is impossible to find them in Kenya.

Many of you have been praying for Renee's hand surgery. Her surgery went well and she is recovering faster than we had expected. We thank God for answered prayer and we thank each of you who have made it possible for us to minister as missionaries in Africa the last 40 years.

For lost souls in Africa,

*Thank you for \$150.00 January*

Ole and Renee

*Thank you for \_\_\_\_\_ February*
