Dear Pastor Grieme and Church,

There are times I can really see the hand of God working and there are times I can really see the Devil and his forces working. We are definitely in a battle for the souls of men. Last month, in preparation for the new term at our Bible college, I felt the oppression of the forces of darkness. Not only because of needing work done on my main artery to my heart, but also in other ways. Around the time I went into the hospital to get another two more stents placed in my chest, missionary, Doug Stamper had agreed to take one of my classes for the first two weeks of this college term, while I was recuperating. Unexpectedly he had to rush to the hospital for an uncontrollable nose-bleed. I began to think that the Devil was not happy with the forward progress of our Bible College. I began to think, what else could happen? Then I got word that missionary Jim Eberhard's wife Sybil had to be rush to the same hospital for severe abdominal pain.

Well, all of us are back on the mend. Doug and Jim were able to teach for me along with their other responsibilities in the college. I am doing much better and am back teaching and even preaching again. Ten new students have entered our Bible College this term! Our new enlarged classroom is filling up! It is great to know that, "Greater is he that is in us than he that is in the world." Thank you so much for praying for us missionaries!

I was working with a group of Christians in organizing themselves into a church. They had plans to have their special day last month. Even though I was home and under the care of a doctor, who told me not to work or drive, even preach, I met with those involved one more time at my house. I asked Jim if he would help along side of them for their special day, in my place. Jim did and witnessed 19 baptized believers agreeing together with God to be a church in their area. With so many set backs the work of God has continued forward. Praise the Lord!

Please continue to pray for Floice who now has had a stroke and is back in the hospital. Would you continue to pray for her that God will show Himself strong on her behalf for Jesus' sake. Thank you for each one who have sent money towards their financial needs. Thank you once again for your prayers!

For lost souls in Africa,

*Thank you for \$150.00 August*

Ole and Renee
