

John & Ronda Lennon

Missionaries to Ecuador

SPRING 2018

Dear Friends and Family,

It has been a blessing to visit so many of you so far this furlough. Since January, we have driven almost 15,000 miles. God has been so good in giving us traveling mercies along the way. There was one incident where John fell asleep at the wheel but was awoken by the rumble strips on the side of the interstate. Your constant prayers have been such an encouragement to us during our many miles on the road.

We have also been blessed and humbled to reacquaint with so many of you who have faithfully prayed for us since we were appointed missionaries in 1989. Many of you have sacrificed and interceded for us since the beginning. The fruit of your generosity continues as we have seen 6 people trust Jesus Christ as their Savior during our furlough. God has also provided 75% of the needed offerings to purchase a ministry vehicle when we return to Ecuador.

We have a little more than 6 months before we return for our next term of service. This time we will be returning as empty nesters which will be a new experience for us. But God is faithful as He will guide our steps and also lead our adult children as they trust Him for the direction in their lives. Please be in prayer for them and for us. Also, please continue to pray for the additional monthly support & outfit and passage that we still need to raise before we head back to the field.

Love and prayers,
John & Ronda Lennon
