BBFI Registration

Since our arrival 2½ years ago, we have been working with other BBFI missionaries to renew the BBFI's registration. The registration had been closed for about 7 years. Being registered as an organization is crucial to legally ministering in Ethiopia. After countless hours and many visits to multiple government offices, we have received the renewal!

One of the major reasons for pursuing the renewal was to get spiritual work permits. Praise God one family has already received theirs! Please pray for our family (currently on a tourist visa) and another as we seek spiritual work permits.

Attaining the registration has also given us the opportunity as an organization to start a Bible College. God has provided the students and the materials we need to begin our first classes. We begin classes January 10, 2019 and ask you to be in prayer for each of our students.

This past month Fromsa and Blen asked me to teach a lesson at their school for the students' parents. The goal was to encourage them to help their children succeed in school. Although preaching is not allowed, I was able to teach biblical truths from Proverbs. FA Academy is not just a school to Fromsa and Blen but a ministry. We count it a blessing to help them minister. We will return to the school to share the reason for Christmas. This will be a great opportunity to cultivate our relationship with FA. Please be in prayer for the parents as they guide their children in the way they should go, and for Fromsa and Blen as they try to impact their community through education for the glory of God.

In October we started a monthly youth service to encourage our teens in applying God's Word to their lives. Please pray for our youth as they are stretched by the Word of God to live a life of faith in front of their peers.

Permanent Light Land Funds

We have reached \$105,167 in gifts and promises toward Bethel's goal of \$200,000. Donations can be made through the BBFI with a note for "Bethel Land"
